

WE ARE THE LEADING PROVIDER OF SMART LOGISTICS SOLUTIONS, WE HELP TRADE FLOW ACROSS THE GLOBE

Our global network spans 64 countries; including 10 in Africa, made up of logistics terminals, marine services, ports and economic zones. We think ahead, anticipate change and create innovative trade solutions for a positive impact on society.

A CITRUS CAPITAL

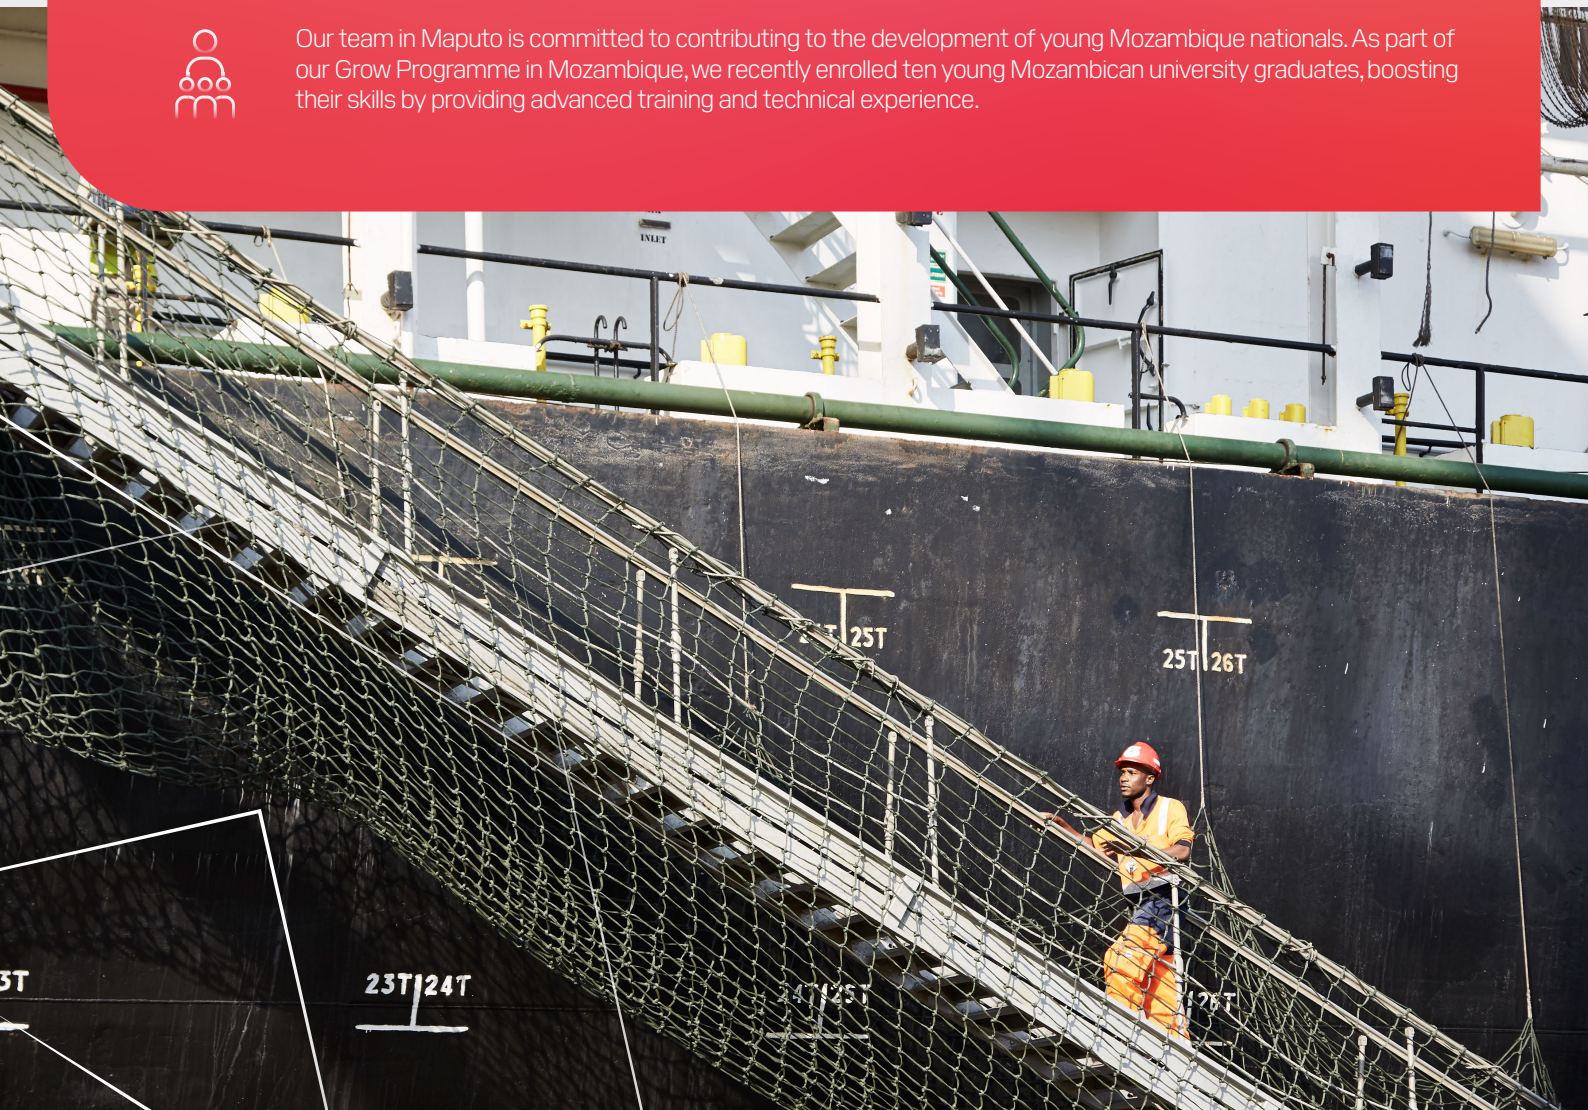

We are adjacent to one of the world's largest citrus fruit areas:

As part of our Maputo investment strategy, we expanded our reefer capacity to accommodate increased exports from South Africa. As a result, our Maputo terminal now has a static capacity of 450 reefer containers, equipped to fit the current citrus needs.

BUILDING LOCAL TALENT

Our team in Maputo is committed to contributing to the development of young Mozambique nationals. As part of our Grow Programme in Mozambique, we recently enrolled ten young Mozambican university graduates, boosting their skills by providing advanced training and technical experience.

Providing better, reliable, and cost-effective logistics solutions since 2006 - resulting in increased efficiency and a better customer experience
